REMARKS

**DO NOT CIRCULATE**

This is UNEVALUATED Information

25X1

1. An airfield, about 800x1,000 meters, was located east of Hirschberg (O 51/G 68), between the railroad line leading to Breslau and the road to Maiwaldau (O 51/G 68). The field was in poor condition. No hard surface runway was seen. \*
2. Buildings observed at the field included some small buildings in the southeastern corner; a hangar, about 12x30x60 meters, in the southwestern corner; and nearby, a rod 15 meters high with a wind sock at its top. \*\*
3. The field was not occupied. Two outdated aircraft of German type and with German emblems were parked on the field. The planes were not serviceable. \*\*\*

- \*  Comment. The information on the location and size is correct. 25X1
- \*\*  Comment. The location and size of the hangar and the location of the other buildings are reported for the first time. 25X1
- \*\*\*  Comment. The field is probably being used only by civilian planes. It is not known whether commercial planes regularly land there. 25X1
